The Outdoor Program (OP) provides a wide range of information, gear rentals, resources, trips, events, and clinics, as well as bike events, loans, and a self-service bike maintenance shop. All of our activities and resources reflect our common adventure philosophy. All University of Oregon (UO) students are members of the OP. If you’re not a student at the UO, you can still participate in OP trips and events, rent gear and use the bike shop by paying $20-$25/year.
